

Imagine Bot Academy

The Complete AI Learning & Teaching Platform

47 courses across **10 categories**

Every course includes video lectures, class exercises, 3 unit tests, a comprehensive final exam, 3-page printable notes and a capstone project. Standard individual courses are **\$9.95 / year**. Business, accounting and engineering courses are **\$19.95 / year**.

Browse and enroll at <https://www.imaginebot.org>

Categories

- **Mathematics** — 4 courses
- **Science** — 5 courses
- **Technology** — 4 courses
- **Artificial Intelligence** — 3 courses
- **STEM Boot Camps** — 4 courses
- **Design** — 4 courses
- **Business & Accounting** — 10 courses
- **Engineering** — 1 course
- **Nursing & Health** — 7 courses
- **Test Prep & Certifications** — 5 courses

Mathematics

MAT 1050 — College Algebra 8 units covering real numbers through analytic geometry, videos, exercises, 3 unit tests and a comprehensive final exam. https://www.imaginebot.org/college-algebra	\$9.95 / year
MAT 1150 — Precalculus 9 units, videos, exercises, 3 × 20-question tests and a 40-question final exam. https://www.imaginebot.org/precalculus	\$9.95 / year
MAT 2210 — Calculus I & II Limits, derivatives, integrals, series — 8 units, assignments, 3 tests and a 40-question final. https://www.imaginebot.org/calculus	\$9.95 / year
STA 2020 — Introduction to Statistics Descriptive stats, probability, distributions, CIs, hypothesis testing and regression. https://www.imaginebot.org/statistics	\$9.95 / year

Science

PHY 3010 — College Physics Mechanics, waves, heat, EM, optics, fluids and the full modern-physics track: blackbody radiation, relativity, quantum, nuclear, particle & cosmology. https://www.imaginebot.org/physics-course	\$9.95 / year
CHM 2210 — Organic Chemistry 8 units, virtual labs, projects, 3 unit tests and a final exam. https://www.imaginebot.org/organic-chemistry	\$9.95 / year
CHM 3410 — Physical Chemistry Thermodynamics, kinetics, quantum chemistry — with PhET labs, tests, 40-question final and capstone. https://www.imaginebot.org/physical-chemistry	\$9.95 / year
CHM 3310 — Inorganic Chemistry Atomic structure, bonding, symmetry, coordination and solid-state — labs, tests, final and capstone. https://www.imaginebot.org/inorganic-chemistry	\$9.95 / year
BIO 2010 — General Biology Cells, biochem, genetics, evolution, ecology, physiology — labs, tests, 40-question final and capstone. https://www.imaginebot.org/biology	\$9.95 / year

Technology

PY 2010 — Python Programming Zero to confident Python in 6 modules with a capstone project. https://www.imaginebot.org/python-course	\$9.95 / year
ROB 3020 — Robotics with Python Program a simulated robot in Python: 8 modules, virtual labs, tests, final and capstone. https://www.imaginebot.org/robotics-course	\$9.95 / year
WD 4200 — Web Design & Development HTML, CSS, JS, React, Node, Git — 3 practical tests, final practical exam and deploy-a-real-site capstone. https://www.imaginebot.org/web-development	\$9.95 / year
BC 1000 — Blockchain Technology (Foundations to Web3) Cryptography, Bitcoin, Ethereum, consensus, smart contracts, DeFi/NFTs, L2 scaling, enterprise & regulation. https://www.imaginebot.org/blockchain	\$9.95 / year

Artificial Intelligence

AI 2020 — AI Foundations LLMs, neural nets, prompting, safety. https://www.imaginebot.org/ai-course	\$9.95 / year
AIT 1400 — AI Tools Mastery Hands-on across ChatGPT, Midjourney, Zapier and more. https://www.imaginebot.org/ai-tools-mastery	\$9.95 / year
AG 3251 — AI in Agriculture 8-week practical certificate: soil, seeds, irrigation, harvest and sales. https://www.imaginebot.org/ai-agriculture	\$9.95 / year

STEM Boot Camps

STEM Bootcamp (Grades 9-12) 4-week hands-on: Python, robotics, drones, 3D printing, ML and data + capstone. https://www.imaginebot.org/stem-bootcamp	\$9.95 / year
STEM Boot Camp (Grades 5-8) 11 hands-on modules: 3D printing, robotics, drones, AI, rockets, aero, data, ML, cyber, blockchain and nano. https://www.imaginebot.org/stem-bootcamp-tweens	\$9.95 / year
STEM Boot Camp (Grades 1-4) 11 kid-friendly modules for early learners across future tech topics. https://www.imaginebot.org/stem-bootcamp-juniors	\$9.95 / year
STEM Boot Camp for Kindergarten Ages 4-6: 3D printing, robots, drones, AI, rockets, blockchain and nano through songs, games and crafts. https://www.imaginebot.org/stem-bootcamp-kids	\$9.95 / year

Design

DT 4010 — Design Thinking 4-week certificate: empathize, define, ideate, prototype, test + capstone. https://www.imaginebot.org/design-thinking	\$9.95 / year
DS 4020 — Architectural Design Software AutoCAD, SketchUp, Revit, Rhino, Blender, Adobe CC, Enscape and Lumion. https://www.imaginebot.org/design-software	\$9.95 / year
AP 4030 — Architectural Photography Cameras, light, tilt-shift, twilight, drone, Lightroom and a photo-book capstone. https://www.imaginebot.org/architectural-photography	\$9.95 / year
ID 4050 — Interior Design 8 units + SketchUp/AutoCAD/Revit toolkit, videos, notes, exercises, tests, final and capstone. https://www.imaginebot.org/interior-design	\$9.95 / year

Business & Accounting

ENT 4100 — Entrepreneurship & Innovation Mindset, customer discovery, business model, lean MVP, market, finance, growth, fundraising. https://www.imaginebot.org/entrepreneurship	\$19.95 / year
MI 4200 — Money, Savings & Investing Budgeting, debt, compound growth, stocks, bonds, real estate, portfolios, taxes and retirement. https://www.imaginebot.org/money	\$19.95 / year
ACC 1000 — Financial Accounting GAAP/IFRS, the accounting cycle, merchandising, inventory (FIFO/LIFO), receivables and long-term assets. https://www.imaginebot.org/financial-accounting	\$19.95 / year
AUD 2000 — Auditing PCAOB/AICPA GAAS, ethics, planning, audit risk, COSO controls, evidence, sampling, fraud and reporting. https://www.imaginebot.org/auditing	\$19.95 / year
CMA 2100 — Cost & Managerial Accounting Cost behavior, job-order & process costing, ABC, CVP, budgets, standard costs and capital budgeting. https://www.imaginebot.org/cost-accounting	\$19.95 / year
TAX 3000 — Federal Taxation Federal income tax and taxation of C corps, partnerships, LLCs and S corps. https://www.imaginebot.org/taxation	\$19.95 / year
AIS 3100 — Accounting Information Systems Transaction cycles, ERP, COSO/SOX, SQL & Power BI analytics, cybersecurity and emerging tech. https://www.imaginebot.org/ais	\$19.95 / year
LAW 2500 — Business Law Contracts, torts, UCC Art. 2 sales, agency, business orgs, IP/cyberlaw, securities/antitrust/environmental. https://www.imaginebot.org/business-law	\$19.95 / year
ECON 2500 — Principles of Economics Micro + macro: markets, elasticity, market structures, GDP/CPI, fiscal & monetary policy, trade. https://www.imaginebot.org/economics	\$19.95 / year

STAT 2500 — Business Statistics

Data, distributions, CLT, CIs, hypothesis testing, ANOVA, regression, forecasting and SPC.

<https://www.imaginebot.org/statistics>

\$19.95 / year

Engineering

EGR 4300 — Engineering Design & Practice

The engineering design process across Civil, Mechanical, Electrical, Computer and Aeronautical engineering.

<https://www.imaginebot.org/engineering>

\$19.95 / year

Nursing & Health

NUR 4400 — Anatomy & Physiology I & II One-semester nursing A&P; bridge: cells, tissues, and all major systems. https://www.imaginebot.org/nursing	\$9.95 / year
NUR 4600 — Nursing Pharmacology Drug classes, mechanisms, interactions and advanced dosage / IV drip-rate math. https://www.imaginebot.org/nursing-pharmacology	\$9.95 / year
NUR 4700 — Nursing Microbiology Bacteria, viruses, fungi, parasites, immunology, infection control and antimicrobial resistance. https://www.imaginebot.org/nursing-microbiology	\$9.95 / year
NUR 4800 — Nursing Pathophysiology Cellular injury, inflammation, fluids/electrolytes and organ-system pathophysiology. https://www.imaginebot.org/nursing-pathophysiology	\$9.95 / year
NUR 4900 — Mental Health & Psychiatric Nursing Therapeutic communication, DSM disorders, crisis, trauma and psychopharmacology. https://www.imaginebot.org/nursing-mental-health	\$9.95 / year
NUR 4500 — General Chemistry for Nursing Chemistry applied to blood work, glucose metabolism and clinical care. https://www.imaginebot.org/nursing-chemistry	\$9.95 / year
NUR 4600 — Lifespan / Developmental Psychology Human growth from infancy through old age for pediatric, maternal and geriatric care. https://www.imaginebot.org/nursing-lifespan	\$9.95 / year

Test Prep & Certifications

TOEFL 1000 — TOEFL iBT Preparation Complete TOEFL prep for international students across all 4 sections with 3 full practice tests. https://www.imaginebot.org/toefl	\$9.95 / year
SAT 1000 — Digital SAT Preparation Reading & Writing and Math prep with 5 full practice tests and score-band improvement plan. https://www.imaginebot.org/sat	\$9.95 / year
SEC 1000 — CompTIA Security+ (SY0-701) All 5 domains, 6 class exercises, 5 practice exams, notes and Pearson VUE registration guide. https://www.imaginebot.org/comptia-security-plus	\$9.95 / year
CYB 1000 — Cisco CyberOps Associate (200-201) All 5 CBROPS domains, 6 exercises, 5 practice exams and Pearson VUE registration guide. https://www.imaginebot.org/ccna-cyberops	\$9.95 / year
CISSP 1000 — (ISC)² CISSP Exam Prep All 8 CBK domains, 8 class exercises, 5 practice exams and endorsement walkthrough. https://www.imaginebot.org/cissp	\$9.95 / year
